We believe that clothes — and how you make them — can make a difference. Since 1853, we've been obsessed with innovation to meet people's needs. We invented the first blue jean. And we reinvented khaki pants. We pioneered labor and environmental guidelines for our manufacturing partners. And we work to build sustainability into everything we do.

Company doesn't last 160 years by standing still. It endures by reinventing itself, striving to delight its consumers, winning in the marketplace, and by remaining true to its values. We operate in 110 countries and we employ more than 17,000 people around the world — supporting great brands, including Levi's®, Dockers® and Denizen®.

Levi Strauss Poland Sp. z o.o., being HQ for region East (Eastern Europe & Turkey), operates successfully on the Polish market since 1991. Our employees are committed to innovation, creativity and collaboration. That's the story of Levi Strauss & Co.
